Neighbors -

We are quickly reaching the end of our paint selection window. That said we are currently at a 98.5% participation and are confident we will reach 100% prior to the April 8th, midnight EST deadline.

The colors selected by everyone so far are widely varied through the neighborhood so we are excited to see the fresh new look when the project is complete!

As you are aware the lottery drawing for the final color assignment will take place Wednesday, April 10th at 4:00 in the Lakes Room at the Fitness center. If you are interested in attending please come, but as you know attendance is not necessary since you have made your 3 color choices and are guaranteed receipt of one of those selections.

After a review of numbers of each scheme selected as a first or second choice by owners the Paint Aesthetics Committee selected schemes 6A, 7A and 8B to be used as default colors. The default color selected will be based on the colors of surrounding homes and staying within Pelican Sounds ARC guidelines which require no two adjacent homes to be painted the same color. The default color selections will ONLY be used if residents fail to turn in a color selection sheet.

Thanks to all of you for your patience and participation in the paint selection process. Our goal was to meet the mission given to us by the Board of Directors in January - develop a color palette for Gleneagles that is current, harmonious throughout Gleneagles, and compatible with the Pelican Sound community in general. We are confident that we have met or exceeded these directions.
